Wow our reviews!!!

We have been overwhelmed with the google and Facebook reviews that we have received from our nagdc patient's and friends. This is a great way of us finding out what our patient's really do think of our service and a great opportunity for our new patient's to read patient's testimonials before booking an appointment.

Don't forget to follow us on social media to find out all about up and coming promotional nights and a chance to make huge savings on cosmetic treatment!

We are thrilled to announce that Madeline Mr Winstone's nurse had a healthy baby boy Lucas, Maddy is enjoying some well-deserved time off with him at present and we have Nicole on board to cover reception duties in her Absence.

We are delighted to welcome back Paul Maddison Roberts
Who has been absent for a few weeks
Due to a broken collar bone
He is well rested and repaired
And will be returning to
Us as from this week!

We opened our doors on a Thursday evening in July and was offering up to £1,000 off Invisalign treatments for one night only! Our appointments filled up fast as we were able to offer a FREE consultation and a FREE opportunity to return and view the clincheck (computerized image of how the teeth will move. In addition to the free bucks fizz provided and sandwiches) This was a promotional evening and we are looking to hold one of these every 3 months so stay tuned for our next one coming your way in autumn!

It's not too late to grab yourself a free Invisalign Consultation speak to our friendly reception team for further information.

Sarah Breslin our hygienist ran the London Marathon in June, Sarah put lots of dedication and time into her training and managed to raise a huge amount of money towards a child cancer charity. Thank you to all of our patient's that kindly and generously donated towards this.

****2017 Offers****

We are pleased to announce we are still running our new patient consultation including x rays for the reduced cost of £27.00 please ask for further details!

Dental Trivia

- Nearly a quarter of 35–44 year olds had no natural teeth! Nowadays, the figure is down to 6% of all adults. Great improvement!
- 14% of us find cleaning the toilet more appealing than flossing every day!
- On average, we produce 5,000 gallons of saliva in our lifetime. That's 78 bath tubs to you and me! But saliva helps our digestion and protects our teeth from bacteria in the mouth.
- A toothbrush is top of the things we can't do without on holiday.
- If we only had five minutes to get ready in the morning, one in twenty of us would skip brushing our teeth! UGH!!
- Finally, if you spit and don't rinse after cleaning your teeth, there is research that says you reduce the chance of decay by 16%

**Invisalign - the clear
alternative to braces.**
