

New Ash Green Dental Centre

SPRING/SUMMER EDITION

Welcome to our spring/ summer news letter

We welcome back our nag dental readers to what was a chilling start to the new year. Snow ice snow ice despite the below freezing temperatures and traitorous roads A few of our dentists made it in safely to the practice. There was no stopping them, snow shoveling and

Salt shaking (and where not talking about Paul Maddison-Robert's dance moves at the x mas party!) They worked hard to make the conditions as safe as possible for those patients that made it in. Thank you, dentist's, !!

Staff News

Goodbye!

It is with deep regret that we say farewell to Andrea our Wednesday Hygienist. Andrea and her family

are moving to Wales where she will continue as a therapist, she will be greatly missed by her

patients and our staff. We wish her the very best with her future. We would like to reassure you that you will be looked

after by Rebecca in the same way that you are accustomed to.

Case of the month!

The smallest corrections make the biggest difference to your smile!

This case involved straightening the teeth using Invisalign aligners, replacement of a front veneer, and Enlighten whitening.

"I have been receiving treatment with Rav since late last year. I am so happy with the results. I cannot believe the difference this has made to my smile. Rav is amazing I am so happy. Thank you"

Crazy teeth facts for kids

Elephant tusks are the **longest teeth in the world!** They can weigh over 400 pounds – wow that's heavy!

Children smile on average around **400 times a day** :) Let's see one now!

A snail's mouth is no larger than the head of a pin, but can have **25,000 teeth!** Imagine having to brush all of them!

There is a daredevil bird called the **Crocodile Bird** who flies into the open mouth of a crocodile and cleans the croc's teeth!

A **giraffe's tongue is so long** that they can stick out their tongue and clean their ears with it! Yuck!
